				Closing Ceremony	Saturday, May 14	5:00 PM to 6:00 PM

**ATTENDANCE POLICY & TIME COMMITMENT:** Coro uses experiential learning methodology; you will not learn from the cohort and the cohort cannot learn from you if you are not present. If a participant accumulates **a total of five (5) absences** (arriving more than 30 minutes from the start of the session or leaving more than 30 minutes prior to the end of the session will be counted as a half absence), they may be asked to leave the program. If operating in virtual mode, the absences will be handled on a per session basis (i.e. if a program component includes two sessions, missing Session 1 would result in a half absence and arriving more than 30 minutes late to Session 2 would be a quarter absence). Due to the amount of content covered and the foundation laying for the program and cohort's development, **attendance at the entire Program Orientation and the Opening Retreat is required with no arriving late/leaving early.** Participants should contact Coro immediately if there are any scheduling conflicts, particularly with the Program Orientation and Opening Retreat, to discuss accommodations. Aside from the calendared program components, participants will need to schedule (with their Issue Day Teams) Issue Day Planning Meetings with the Lead LA program facilitator totalling 8 hours spread across four (4) meetings that span the program's duration (the longest meeting lasting 3 hours). Participants should also expect additional hours planning with Issue Day teams, completing minimal pre- and post-assignments, and attending other (optional) events.

\*The Virtual Calendar is provided in case the County of Los Angeles Department of Public Health provides public health guidance or rules that limit the ability of the Lead LA 2021-2022 program to launch or continue in person due to the continued impacts of the COVID-19 pandemic. Participants will be given notice as well in advance as able if the Lead LA 2021-2022 program needs to switch between modes of delivery. **Lead LA participants should be prepared to move between the in-person and virtual calendars throughout the duration of the Lead LA 2021-2022 program and commit to the obligations for both sequences.** In the event of virtual delivery, participants will need access to Zoom, GSuite, and a stable internet connection. If virtual delivery becomes necessary and these latter requirements pose any issues, please contact Coro so that we can make suitable arrangements to ensure your successful participation.

These calendars are subject to change prior to the start of and during the course of the program. Participants will be notified if changes are made
