*Attendance Policy and Time Commitment On Next Page*

## ATTENDANCE POLICY AND TIME COMMITMENT

Since Coro's learning methodology is experiential and cohort-driven, missing sessions is disruptive to everyone's learning, including your own.

The Opening Leadership Retreat lays the foundation for the program and the cohort's development and is therefore a mandatory component of the program.

However, we recognize that unanticipated scheduling conflicts can and do arise. Therefore, Coro allows up to a four (4) absences during the remainder of the program. If a participant accrues more than the allowed number of absences, they may be asked to withdraw from the program.

Based on past program participant feedback, it is best to consider programming as an extension of your professional responsibilities and to place calendar holds for all program session dates and times and to begin speaking with your employer at the time of applying.

Participants can expect about 12–15 hours of additional time spent outside of scheduled sessions across the 9 months on Issue Day team planning and nominal pre- or post-program session assignments. Some of this time has also been allocated in the calendar above.

If any applicant has significant scheduling conflicts for the program dates, they should speak with the program facilitator prior to applying to determine if accommodations can be made.

This calendar is subject to change prior to the start of and during the course of the program. Participants will be notified if changes are made.
